Sir:

Applicant submits herewith seventeen sheets (17) of Replacement Drawings for FIGS. 1-30. The replacement drawings have been labeled "Replacement Sheet" in the top margin and an explanation of the changes is provided below as required under 37 CFR 1.121(d).

The replacement drawings are submitted in response to the Notice of Allowability, which accompanied the Notice of Allowance dated February 3, 2005. It is believed the replacement drawings overcome the objections as noted on the Notice of Draftsperson's Patent Drawing Review dated January 28, 2005. Namely, enlargement of numbers, letters and reference characters to at least 32 cm; removal of interlineations and copy machine marks; definition of lines, numbers and letters; and adjustment of margins. No new matter has been added.

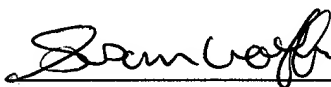

Serial No.: 09/722,647

Approval of the drawing is respectfully requested. It is not believed that any fees are due for consideration of this paper. If fees are due, the Commissioner is authorized to charge our Deposit Account No. 19-0733.

Respectfully submitted,

Dated: April 28, 2005
